

Save the dates!! **AUGUST 8 – 10, 2019**

Looking for a fundraising opportunity? Since your residence, church or business is along the historic Lincoln Highway, join hundreds of others from West Virginia to Iowa who will be holding Lincoln Highway BUY-WAY Yard Sales on these dates. All sale receipts remain with the individual/group that holds the sale (unless you choose to make a tax-deductible donation to the Indiana Lincoln Highway Association), and you can choose the days/hours you wish.

- Do you have some clutter that others will no doubt cherish? Set up your own table along the route!
- Is your church, school, or organization looking for a unique fund-raising opportunity? Take advantage of the marketing, publicity, and customers that will be available.
- Time to move some merchandise from your business or celebrate a “Sale”? Acknowledge Abraham Lincoln and his Highway with a super sale on those dates—possibly a “Sidewalk Sale!”
- Like to drive and learn about our heritage, plus see some yard sales going on along the route? Get out and drive along the Lincoln Highway in Indiana for a day or two. Stop in for breakfast, lunch or dinner at one of the many great restaurants on the route and visit historic sites while you shop.

Named in honor of our nation's 16th president, the historic Lincoln Highway remains an active auto corridor today. Since 1913, the Lincoln Highway (Lincolnway) has stretched across northern Indiana and has linked the people of Indiana to New York and San Francisco. Today, the route provides evidence of Indiana's significant automotive and road building history. Along the drive, tourists will discover wonderful landscapes showcasing both rural and urban areas, quaint and grand architecture, and vistas that provide glimpses back in time. The culture of northern Indiana is revealed through stops at diners, restaurants, bed and breakfasts, museums, historical sites and through strolls along main streets.
